## Statistics for the Year

See attached 2024 Monthly Statistics.

Respectfully submitted,

## Shelby Burkhardt

Library Director

## Status of Richards Library Archives 12/31/24

## Maps - complete

All maps have been accessioned - received accession numbers, labelled, listed in spreadsheet, stored in buffered map boxes in archives room.

## Posters & Prints - complete

All have been accessioned - received accession numbers, labelled, listed in spreadsheet, stored in buffered boxes in archives room. Buffered sheets have been placed between them to prevent disintegration of paper.

## Non – paper materials

- Storage
  - Identified problems with mold and insects. (Fortunately, these were limited). Removed items and placed in better storage, isolated from the rest of the collection.
  - Almost all items, even those that are not yet accessioned, have been checked and placed in better storage for now.
  - Archival storage materials were purchased.
  - A dehumidifier and hygrometers were purchased.
  - I am re-arranging materials on the shelves for easier retrieval and safer storage.
  - I periodically open boxes at random and check for problems.

## <u>Displays</u>

The displays in the upstairs cases are changed periodically. They included – ceramics, basketry, coral reef theme, rocks & minerals, international travel souvenirs.

A special display was created for the library anniversary. It featured the travels of the Richards sisters through postcards, a carpet bag and mementos.

We also created a PowerPoint slide show showing the history of the library through postcards and photos.

## Needs To Be Done

- Finish accessioning non-paper items
  - Marine objects
  - Rocks & minerals
  - Other objects
- Re-arrange items on shelves for easier retrieval and update location on accession form.
- Better storage for ceramics
- Create more space with overhead shelves for map boxes.
- Deal with marine items
  - There are hundreds, and identification is difficult. Impractical to accession each item individually.
    - Could be accessioned as one collection
- Rocks & Minerals
  - o Same as marine
- Post cards and photos
  - Descriptions and catalogue
  - Finish removing photos from sticky sleeves and put in sleeves
- Books
  - Identify as appropriate for archives, or should they be moved to library collection?
  - Catalogue

## Archive progress report from Shelby, 12/31/2024

Marie, with some assistance from Shelby or other staff members as needed, has been reorganizing the small archive (now Archive 2) for easier access to its contents, repackaging objects in safer materials as needed, and creating an accession record for each item. Accession records include a physical description of the item, picture (if possible), and contents of any handwritten notes from previous Library staff.

We have had two volunteers work in the Archive under Marie. One in 2023 whom helped prep materials for Marie and added accession numbers to items, primarily shells (did not complete full time needed). The second (briefly) in 2024 whom started moving pictures into the archival safe albums.

Marie changed the displays for summer 2023 and 2024/Open House.

- 1. Shells and corals
- 2. Items from the Richards sisters' travels from China, Egypt, etc.

We have supplies to:

- Move pictures from sticky albums to archival safe ones *in-progress, need to order more photo sleeves*
- Change out wooden backings in multiple photographs and prints with archival safe backings *nails need to be removed and attachment of new backing TBD*
- Continue adding accession numbers directly to objects, as possible
- Foam sheets to create custom shelf holders for ceramics and other necessary objects *done and as needed*

Supplies needed in near future:

• What happened to the box for the bridal skirt? Did I even order it? *TBD* 

Future work:

- Have Andy build painting and map storage in Archive 2 (hoping ASAP)
- Hire someone to give the Library updated estimates for Archive contents
  - We have one from the 1970s and a less extensive update in 1998
  - Name from Sarah Farrar, to contact when ready, *Mark Lawson Antiques* in Saratoga Springs, NY
- Find and include historical information in each accession record
- Review and revise Archives Policy
- Emergency Plan for salvaging and/or relocating Archive items, if necessary
- Review items in Archive 1 in Boxes 1-16 to determine what we should save
- Review books (reference and not accessioned), newsletters, etc. on shelves in Archive 1 to determine what should be kept or removed

• Determine new place to keep microfilm and reader for access to patrons – *currently on a cart across from Archive 2, only available upon advanced request. May just need something to organize the microfilm better and a safety strap for the reader.* 

Future considerations:

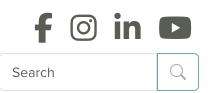

- Documentary Heritage Program Grants from the New York State Archives
  - Help improve access to collections or implementation
    - Archival Needs Assessment needs to be completed first, and other assessments that may be of use to us available each spring and fall
- Online access of accession records for the public

# DHPSNY

Documentary Heritage & Preservation Services *For New York* 

## **PLANNING & ASSESSMENT**

Documentary Heritage and **Preservation Services** for New York (DHPSNY) offers Planning & Assessment Services in five major areas. These services are designed to support New York organizations in improving and advancing program efforts while forming strategies for future

growth and development. DHPSNY's Planning & Assessment Services consist of Archival Needs Assessments, Preservation Surveys, Condition Surveys, Strategic Planning Assistance, and Foundational Planning Assistance. In each instance, our services aim to improve adherence to best practices and are tailored to an organization's unique circumstances.

Accepted applicants have the option of receiving in-person or virtual services for Strategic Planning Assistance, Archival Needs Assessments, Preservation Surveys, and Condition Surveys. Foundational Planning Assistance is a virtual service.

View the timelines of each service.

## **Archival Needs Assessments**

An Archival Needs Assessment will thoroughly examine your archival program, identifying and addressing specific organizational needs. Our assessments are conducted by an experienced archivist with needs assessment expertise. The assessment will pinpoint problems, recommend solutions, set priorities, and guide the development of your archival program.

Learn more.

## **Preservation Surveys**

Preservation Surveys focus on preventive care and mitigating deterioration and damage by analyzing policies, practices, and conditions in an institution and their impact on collections. A Preservation Survey is a valuable tool in fundraising for collections care and often a prerequisite for grants and other funding opportunities.

Learn more.

## **Condition Surveys**

A Condition Survey is a valuable tool for institutions that have previously undergone a Preservation Survey and are now interested in evaluating the conditions of collection materials on a more granular level. During the survey process, a conservator will gather data on-site on a collection the institution has identified for the survey. This includes the condition of materials, the suitability of current housing and storage, and the conservation treatment needs of the collection.

Learn more.

## Strategic Planning Assistance

DHPSNY has worked closely with the New York Council of Nonprofits (NYCON) to develop a curriculum geared specifically toward assisting small- and mediumsized cultural collecting institutions with engaging in strategic planning in a thoughtful way. This curriculum consists of two webinars, data collection via an online survey, and a virtual retreat under the guidance of a designated facilitator from DHPSNY or NYCON staff. The product of Strategic Planning Assistance is a document that establishes a common vision, an outline of strategic goals and objectives, recommendations for the effective allocation of resources, and an organizational structure that will support the work of implementation. Learn more.

## Foundational Planning Assistance

Foundational Planning Assistance has been designed as an informal and accessible process that provides participating institutions with a framework for

#### Planning & Assessment | Documentary Heritage and Preservation Services for New York

institutional advancement, with an emphasis on strengthening the organizational components needed for optimal levels of collections stewardship. The overarching goal of Foundational Planning Assistance is to strengthen an organization's capacity and prepare them to engage in a comprehensive assessment within the next one to three years.

## **Application Process**

Recipients of DHPSNY Planning & Assessment Services are selected by a competitive application process. Limited spaces are available. Applications are reviewed by an independent advisory committee of library, archives, and conservation professionals. Application materials for DHPSNY's Planning & Assessment Services are accepted year-round and reviewed three times a year.

Learn more about DHPSNY's application review process.

The next application **review deadline is Friday, March 14, 2025.** Applicants will be notified of their application status by May 2025 and should be prepared to begin the assessment process by summer 2025.

DHPSNY's application forms are powered by **Submittable**. The online platform allows you to save your work and return if you are unable to complete in one sitting, as well as upload a variety of supporting materials directly within the form.

## **Questions?**

DHPSNY staff is available to assist you in completing the application forms. Please contact Amanda Murray, DHPSNY Program Manager, for assistance, questions about eligibility, or additional information at (215) 545-0613 ext. 337 or info@dhpsny.org.

## Big Read Letter of Intent 2025

December 13, 2024

Hey Folks,

We're delighted you're interested in potentially taking part in The Big Read organized by the Southern Adirondack Library System (SALS). We are currently in the process of gathering information for the grant, and preparing to submit it to Arts Midwest. The grant will run from September 1, 2025, to June 30, 2026.

This letter outlines the expectations and responsibilities of participation in The Big Read, should we obtain the grant.

SALS will:

- Apply for the grant
- Coordinate implementation for the grant
- Report on the grant
- Purchase multiple copies of Fuzz: When Nature Breaks the Law by Mary Roach for each participating library
- Contact Mary Roach about an in-person or virtual author event (and will schedule if possible)

In return, SALS asks participating libraries to:

- Designate a contact person for their library
- Respond to requests for information (e.g., number of programs, what programs were held, attendance at programs, etc.) to SALS in a timely fashion
- Partner with community stakeholders & local artists on The Big Read programming
- Promote The Big Read to your community
- Host at least one of the following:
  - One public kick-off event to launch the program
  - Book discussion
  - Presentation inspired by the book (e.g., Q&A with the author, panel discussion, lecture, film screening, etc.)
  - One artistic project or activity that responds creatively to The Big Read theme: Our Nature – How Our Physical Environment Can Lead Us to Seek Hope, Courage & Connection.
  - One creative writing workshop
  - One activity that shares community voices publicly (e.g., public reading or anthology of pieces from creative writing workshops, website of archived community stories)
- Welcome participation from a wide range of audiences

Thanks again for being a part of this initiative. We're looking forward to having an incredible community experience!

Please sign and return this if your library is interested in being a part of The Big Read.

Smart Financial Planning for Tax Efficiency

December 15, 2024

Board of Trustees The Richards Library 36 Elm Street Warrensburg, NY 12885

We are pleased to confirm our understanding of the services we are to provide for **The Richards** Library as of and for the year ended December 31, 2024.

You have requested that we prepare the annual financial statements of your Organization (a nonprofit organization), which comprise the statement of financial position as of December 31, 2024, and the related statements of activities, functional expenses, and cash flows for the period then ended and the related notes to the financial statements, and perform a review engagement with respect to those financial statements.

## Our Responsibilities

The objective of our engagement is to:

- 1) assist you in the preparation of financial statements in accordance with accounting principles generally accepted in the United States of America based on information provided by you, and
- obtain limited assurance as a basis for reporting whether we are aware of any material modifications that should be made to the financial statements in order for them to be in accordance with accounting principles generally accepted in the United States of America.

We will conduct our review engagement in accordance with the Statements on Standards for Accounting and Review Services (SSARS) promulgated by the Accounting and Review Services Committee of the AICPA and comply with applicable professional standards, including the AICPA's *Code of Professional Conduct* and its ethical principles of integrity, objectivity, professional competence, and due care, when preparing the financial statements and performing the review engagement.

A review engagement includes primarily applying analytical procedures to your financial data and making inquiries of management. A review engagement is substantially less in scope than an audit engagement, the objective of which is the expression of an opinion regarding the financial statements as a whole. A review engagement does not contemplate obtaining an understanding of the entity's internal control; assessing fraud risk; testing accounting records by obtaining sufficient appropriate audit evidence through inspection, observation, confirmation, or the examination of source documents; or other procedures ordinarily performed in an audit engagement. Accordingly, we will not express an opinion regarding the financial statements.

LOCATIONS:

Our engagement cannot be relied upon to identify or disclose any financial statement misstatements, including those caused by fraud or error, or to identify or disclose any wrongdoing within the entity or noncompliance with laws and regulations. However, we will inform the appropriate level of management of any material errors and any evidence or information that comes to our attention during the performance of our review procedures that indicates fraud may have occurred. In addition, we will inform you of any evidence or information that comes to our attention during the performance of our review procedures with laws and regulations that may have occurred, unless they are clearly inconsequential. We have no responsibility to identify and communicate deficiencies or material weaknesses in your internal control as part of this engagement.

We, in our sole professional judgment, reserve the right to refuse to perform any procedure or take any action that could be construed as assuming management responsibilities since performing those procedures or taking such action would impair our independence.

## Your Responsibilities

The engagement to be performed is conducted on the basis that you acknowledge and understand that our role is to prepare financial statements in accordance with accounting principles generally accepted in the United States of America and to obtain limited assurance as a basis for reporting whether we are aware of any material modifications that should be made to the financial statements in order for the statements to be in accordance with accounting principles generally accepted in the United States of America. You have the following overall responsibilities that are fundamental to our undertaking the engagement in accordance with SSARS:

- 1) The selection of accounting principles generally accepted in the United States of America as the financial reporting framework to be applied in the preparation of the financial statements.
- 2) The preparation and fair presentation of financial statements in accordance with accounting principles generally accepted in the United States of America and the inclusion of all informative disclosures that are appropriate for accounting principles generally accepted in the United States of America.
- 3) The design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of the financial statements that are free from material misstatement, whether due to fraud or error.
- 4) The prevention and detection of fraud.
- 5) To ensure that the entity complies with the laws and regulations applicable to its activities.
- 6) The accuracy and completeness of the records, documents, explanations, and other information, including significant judgments, you provide to us for the engagement.
- 7) To provide us with:
  - access to all information of which you are aware is relevant to the preparation and fair presentation of the financial statements, such as records, documentation, and other matters.
  - additional information that we may request from you for the purpose of the review engagement.
  - unrestricted access to persons within the entity of whom we determine it necessary to make inquiries.
- 8) To provide us, at the conclusion of the engagement, with a letter that confirms certain representations made during the review.

Our review of the financial statements does not relieve you of your responsibilities.

You are also responsible for all management decisions and responsibilities and for designating an individual with suitable skills, knowledge, and experience to oversee our [tax services and] preparation

of your financial statements. You are responsible for evaluating the adequacy and results of the services performed and accepting responsibility for such services.

## Our Report

We will issue a written report upon completion of our review of your Organizations financial statements. Our report will be addressed to the Board of Trustees of your Organization. We cannot provide assurance that an unmodified accountant's review report will be issued. Circumstances may arise in which it is necessary for us to report known departures from accounting principles generally accepted in the United States of America, add an emphasis-of-matter or other-matter paragraph(s), or withdraw from the engagement. If, for any reason, we are unable to complete the review of your financial statements, we will not issue a report on such statements as a result of this engagement.

You agree to include our accountant's review report in any document containing financial statements that indicates such financial statements have been reviewed by us and, prior to inclusion of the report, to obtain our permission to do so.

You agree to hold us harmless and to release, indemnify, and defend us from any liability or costs, including attorney's fees, resulting from management's knowing misrepresentations to us.

## **Other Services**

We will prepare the Organization's federal and state information returns, specifically **Federal IRS Form 900 information returns for the year ended December 31, 2024**, based on information provided by you. A separate Engagement letter will be completed and signed prior to the completion and e-filing of these information returns.

We will perform the services in accordance with applicable professional standards, including the Statements on Standards for Tax Services issued by the American Institute of Certified Public Accountants. The other services are limited to the financial statement and tax services previously defined. We, in our sole professional judgment, reserve the right to refuse to perform any procedure or take any action that could be construed as assuming management responsibilities. We will advise management with regard to tax positions taken in the preparation of the information return, but management must make all decisions with regard to those matters.

### **Engagement Administration and Fees**

We understand that your employees will prepare all cash, accounts receivable, and other documents we request.

Catherine Harris, CPA, is the individual responsible for supervising the engagement and signing the report.

We estimate that our fees for the review and the preparation of the information returns will be as follows:

REVIEW OF FINANCIAL STATEMENTS	\$4,900
PREPARATION OF FEDERAL (FORM 990) INFORMATION FILINGS	<u>\$1,200</u>
TOTAL FEES	<u>\$6,100</u>

The above fee is based on anticipated cooperation from your personnel and the assumption that unexpected circumstances will not be encountered during the engagement. Our fees are determined in accordance with the anticipated work involved in your engagement and are reviewed annually with consideration of new regulatory requirements and current economic circumstances. If significant additional time is necessary, we will keep you informed of any problems we encounter and our fees will be adjusted accordingly. Our invoices for these fees will be rendered at time of presentation of the report and are payable on presentation. Late fees of 1.5% per month may apply if our invoices are not paid timely, and future work may be halted or terminated if your Organization fails to pay our fees in a timely fashion. If services are terminated for nonpayment, the engagement will be deemed to have been completed upon written notification of termination, even if a report is not completed. You will be obligated for payment for services for all time expended through the date of termination.

In the event that we receive a subpoena or summons requesting that we produce documents from this engagement or testify about the engagement, we will notify you prior to responding to it. You may, within the time permitted for our firm to respond to any request, initiate such legal action as you deem appropriate to protect information from discovery. If you take no action within the time permitted for us to respond or if your action does not result in a judicial order protecting us from supplying requested information, we may construe that inaction or failure as consent to comply with the request. Any time we spend responding to, addressing, or objecting to any subpoena will be billed to you at CHS's standard hourly rates.

If any dispute arises among the parties hereto in relation to this Engagement Agreement, all actions, disputes, claims and controversies under common law, statutory law or in equity of any type or nature whatsoever, whether arising before or after the date of this Engagement Agreement, and whether directly or indirectly relating to: this Engagement Agreement and/or any amendments and addenda hereto, or the breach, invalidity or termination hereof; any previous or subsequent Agreement between the parties; and/or any other relationship, transaction or dealing between the parties (collectively the "Disputes"), will be subject to and resolved by binding arbitration pursuant to the Arbitration Rules of U.S. Arbitration & Mediation, Rules for Professional Accounting and Related Services Disputes. Any award or order rendered by the arbitrator may be confirmed as a judgment or order in any state or federal court of competent jurisdiction, which includes within the federal judicial district of the residence of the party against whom such award or order was entered. The parties agree that costs related to arbitration should be shared equally between both parties regardless of the outcome.

We appreciate the opportunity to be of service to you and believe this letter accurately summarizes the significant terms of our engagement. If you have any questions, please let us know. If you agree with the terms of our engagement as described in this letter, please sign this engagement letter below and return a copy to us.

Sincerely,

Catherine Harris CPA, CFP<sup>©</sup>, MBA, MSA, EA CHS Wealth Management & CPAs, PLLC

## 2025 Construction Challenge Grant Southern Adirondack Library System Deadline: March 31, 2025

SALS will offer Construction Challenge Grants of up to \$5,000 per project to improve the function of member library buildings. All SALS member libraries are encouraged to apply. These funds can be used to work with architects, engineers, or other professionals to develop plans, or to perform repairs, renovations, or touch ups to improve the libraries' physical space.

The SALS Board aims to fund projects at their requested levels, but demand for funds may require projects to be funded at less than 100%.

## **GRANT REQUIREMENTS:**

- WALK-THROUGH: You must conduct a walk-through of your building with someone from your community. This should be someone who makes use of the library regularly, or who would like to make use of it but a building element prevents them from doing so. A one-page narrative with the community member's name and observations while participating in the walk-through must be attached to the application, and should be used to help you determine what construction project you will undertake. We have provided a guide you may use for the walk-through.
- APPLICATION: The application must state a clear goal and objectives. Grant funds may be used to purchase equipment, materials, supplies, labor, professional services (for example, design services needed in order to apply for NYS Construction Grants later in the calendar year or the following year).
  - Examples:
    - Wiring (JA must be looped into these projects)
    - Lighting
    - Accessibility
    - Furniture
    - Shelving
    - Roof or masonry repair
    - Hiring a professional (architect, engineer, etc.) for plan development
    - Project may take place in building, parking lot or property owned by the library
  - The funds cannot be used to pay for library staff.
  - The proposed project can be in conjunction with a larger building project.
  - Projects cannot have started prior to this application being made available, and must be completed prior to the Final Report deadline of April 3, 2026.
  - The project must fit into the library's Long Range Plan of Service. The Long Range Plan of Service must either be on file with the System or attached to the application.
- *BUDGET*: Matching funds are encouraged, but not required. Requested grant funds, and any matching funds, should be detailed on the provided Project Budget form. It must be signed by your Board President.

- PHOTO DOCUMENTATION: Provide photographs of the proposed project area.
- FINAL REPORT:
  - A final report, including receipts, a written narrative, and photos of the completed project area, is required and due by April 3, 2026. The goal and objectives identified in the project application must be referenced in this report.
  - Failure to complete a project as outlined in your application or to not submit a final report on time may result in forfeiting grant funds or make your library ineligible for future grants.

## **APPLICATION QUESTIONS:**

The online form (link below) does not have a "save" function, so you will need to complete it all in one session. The application questions are listed here, and we recommend you craft your responses in Word prior to filling out the online form.

- What are the goals and objectives of your project?
- How will this project change the library building?
- How will this project benefit your patrons?
- What is the timeline for the project?
- What tools will you use to evaluate the program quantitatively (i.e. Statistics)?
- What tools will you use to measure the program's success qualitatively?

## APPLICATION CHECKLIST:

- □ WALK-THROUGH NARRATIVE
- □ COMPLETED APPLICATION
- □ PROJECT BUDGET
- □ PHOTO DOCUMENTATION
- □ LONG RANGE PLAN OF SERVICE (if not already on-file with SALS)

Complete the online application and submit all documents as PDFs through the online application portal by March 31, 2025:

https://www.surveymonkey.com/r/JCGN9MW

The SALS Board of Trustees meets April 15, 2025. Libraries with approved projects can expect to receive grant funds the last week of April or the beginning of May 2025.

Hand-written applications will not be accepted.

Please direct any questions regarding the application or process to Sara Dallas (<u>sdallas@sals.edu</u>) or Pamela DelSignore (<u>pdelsignore@sals.edu</u>). If you plan on including wiring or cabling and/or technology upgrades in your project, make sure you discuss the project with Michele Largeteau prior to submitting.
